

**SMART PRESENTATIONS PROGRAM****INNOVATION: PUSHING THE BOUNDARIES OF VALVE TECHNOLOGY.**

New engineering solutions studied by our Research & Development team to fit highly-technological challenges with premium performance and reliability.

**AJ Series**  
**TRIPLE OFFSET VALVE****TRIPLE OFFSET VALVE "AJ SERIES":**  
**EXPRESSION OF PETROLVALVES EXCELLENCE**  
**IN VALVE MANUFACTURING.**

PetrolValves commitment to invest in new products and new solutions is embodied by the «AJ Series» Triple Offset Valve and the Lean philosophy fostering it.

**VALVES MAINTENANCE:**  
**THE NEW PROACTIVE APPROACH.**

How to minimize the downtime of your assets, increase your system efficiency and reduce operational costs. Preventive maintenance ensures higher productivity.

**ADDITIVE MANUFACTURING TECHNOLOGY**  
**FOR SEVERE SERVICE TRIM DESIGN.**

How the new additive manufacturing technology helps valve manufacturers to design new geometries to solve field issues in a timely and cost-effective manner.
